Independent and Supported Tasks

APPS: Using the 'apps' shown (right), complete the activity based on the letters 'M' and 'm' (both upper and lower case). You need to do each activity 3 times, and don't forget to say the sound as you trace the letters.

Whiteboard task: You can either use physical whiteboards or a whiteboard app to do this. Your job is to write each letter, (upper and lower case), 8 times on the white board. Make sure you show someone when you have done them before rubbing them off. As an extra, you could also take a photo of your work and save it to my pictures, to show your teacher. Don't forget to write your name on the whiteboard before you take the photo.

Website Tasks: Using the following website page link, www.nzkiwiclassroom.weebly.com/a-z-letters.html , do all the activities shown on the page based on the letter Mm.

When you are finished, you can then go onto any of the other activities as shown on the '2021 Independent App Tasks' (Ipad).
